FOR FEDERAL INCORPORATION

Washington, March 6.—One of the most notable and representative delegations that has appeared in Washington for a long time was that which was heard today by the Interstate Commerce Committee of the Senate in reference to the Sherman Anti-Trust act. The National Civic Federation selected the members of the delegation as representative of the mercantile, agricultural, labor, and shipping interests of the country.

The delegation urged the enactment of legislation providing for a non-partisan trust commission, representing the interests of capital, labor, and the public, to make thorough inquiry into the advisability of inaugurating a system of Federal license, or incorporation, as a condition for the entrance of certain classes of corporations upon interstate commerce, and also to investigate the relation to the public interest of the purchase by one corporation of the franchise or corporate stock of another.

Former Stable Apprentice Has Instituted Action.

New York, March 6.—August Belmont, president of the Jockey club and a horse owner of note, has been sued for \$100,000 on charge of libel by John Freit, formerly employed as an apprentice in Mr. Belmont's racing stable. The suit is based on an advertisement published in the Racing Journal, the official organ of the Jockey club, which stated Freit left Mr. Belmont's employ without written leave and had broken a rule of the club. Owners and trainers were notified not to employ him. Freit claims he was discharged by Mr. Belmont on the ground that the stable was to be given up and the publication prevented him from securing employment.

The identification was established by her gold filled teeth on description furnished by a Pittsburgh dentist. The body of Rosetta MacHinch, a pupil, was identified also by her shoes. When Mrs. MacHinch had positive identification she fell fainting upon the charred body of her little one.

PRISONER RE-FORMED METHODS

Washington, March 6.—Augustus W. Machen, one of the ringleaders in the post office graft cases and whose trials established a record for hard-fought criminal cases in which the Federal government has been interested, is about to become a free man again. Mahen was sentenced to serve two terms of two years each in the West Virginia penitentiary at Moundsville. His good behavior has had the effect of reducing the time to three years and at midnight his sentence expires. He is expected to join his family in this city tomorrow morning.

The officials at the Moundsville prison say Machen has proved himself to be the most capable prisoner who has ever been incarcerated there. His work has had the effect of placing the prison on a business basis equal to that of any establishment—prison or otherwise—in the country. So important were the reforms instituted at his suggestion, and so valuable were the changes made, that the committee of the state legislature wanted to compliment him in their report of an investigation made of the prison, but he objected to receiving the compliment.

He says he merely assisted his secretary in the matter and that Mr. Jayne has the property as good as sold again.

The people of Texas are taking more interest in the Bailey question and prohibition than in the discussion among astronomers whether that newly discovered body is a planet or a satellite.

ATTEMPT TO DEPOSE SENATOR SMITH.

Trenton, N. J., March 6.—New Jersey politicians are considerably interested in the dinner announced for tonight by the Democratic County committee of Hudson in honor of City Collector Robert S. BAILEY RESOLUTIONS.

Accepted at the Meeting of Bailey Men at the Courthouse Thursday Night —List of Supporters.

Following is a copy of the resolutions adopted by the supporters of Senator Bailey at their meeting at the Court house Friday night, together with the list of the seventy names secured that night in support of the resolutions, and of other names of persons not present at the meeting, but who were, the Eagle is informed, signers of the call for same:

Preamble and Resolutions.

To the Chairman of the Convention of Democrats Assembled:

Whereas, A small body of anti-Bailey men issued a call to the Democratic voters for a meeting at the court house of Brazos county for Thursday night, March 5th, to elect delegates to the anti-Bailey rally at Waco, March 7th; and

Whereas, We, the Democrats of Brazos county, issued a call for the same place and time, urging all Democrats to attend, believing that, as their call was issued to Democrats, we would be welcome; and

Whereas, Though the anti-Bailey people were vastly in the minority, yet refused to submit the matter to a test vote, but went ahead and passed resolutions condemning Senator Bailey and elected delegates to the Waco meeting, many of whom were not present at the meeting, and representing almost, if not the entire anti-Bailey vote of the county; therefore

Resolved, That we, the Democrats of Brazos county, declare said resolutions as utterly failing to represent the true sentiment of the Democrats of Brazos county, but are merely the expressions of a very small portion of the Democrats of Brazos county, and are wholly misleading.

Resolved, Further, That, as they refused to submit the matter to a vote of the Democrats present and refused to recognize any man except the anti-Bailey men, we therefore declare their action to be undemocratic and unprecedented in the councils of the great Democratic party of the great State of Texas.

Resolved, That we again pledge our allegiance to Senator Joseph Weldon Bailey, and express our unqualified confidence in his integrity and ability as a faithful representative of Texas in the nation.

Resolved, That we favor his selection as a delegate to the National Democratic convention.

sion at the Club House

The first club social function of the
spring season was enjoyed by mem-
bers of the Fin-Feather Club, their
wives and lady friends last night, and

couples were present and the event
will be remembered as one of the
most delightful and in all respects
successful in the annals of the Club.
Music was supplied by the Bohemian
Club orchestra. The fish and oyster
dinner provided under the direction
the young men would have been a
credit to the most experienced cater-
er in a sea coast city, and included
oyster cocktail, oysters on half shell,
oysters roasted, baked red fish, bar-
becued chicken, old fashioned corn
bread, tomatoes, lettuce, celery, tea,
coffee.

The young gentlemen having the
affair in charge were the recipients
of many compliments for the fine bill
of fare and the elegant manner in
which it was served.

PROGRESSIVE DINNER.

Auspices of the B. Y. P. U. at
Baptist Church Last Night.

The parlors and upper rooms of the
First Baptist church were the scene
of a pleasant social gathering last
night, which was unique in some re-
spects and thoroughly enjoyable in
all. The B. Y. P. U. was in charge,
with President S. M. Hunter direct-
ing, assisted by a committee of la-
dies; Mrs. J. C. Williams and Miss
Peale being prominent in the work.

Invitations in limitation of telegrams
were sent out and there was a
hearty response by the young people.
The five course dinner was served
on prettily decorated tables up stairs,
a feature being that only five min-
utes was allowed for each course and
the sound of the bell was the sig-
nal for changing tables whether one
had finished the course or not.

There was also an excellent pro-
gram of reading and music and
delightful games.

LARGE CROWDS ATTEND THE REVIVAL.

Practical Interest is Being Mani-
fested in the Work of the Meet-
ing—Splendid Preaching by
Dr. Packard.

The past two days have witness-
ed continued large attendance upon
the revival services at the Methodist
church, and Dr. Packard has pre-
sented the gospel with profound a-
bility and persuasive power. The
sermon last night was on the sub-
ject of prayer, and at its conclusion
offers for prayer were made in re-
sponse to the invitation.

Those who are not attending the
meeting are missing a great privi-
lege and blessing personally and are
withholding the support of which the
meeting is in need. The usual ser-
vices will be held on Sunday. Ev-
erybody is cordially invited to attend
all these services, not only on Sun-
day but during the week.

E. Rhodes is having a new floor put
in his building on Main street, for-
merly occupied by Nedbalek & Syptak
and will make other improvements.

FAST WORK ON BATTLESHIP.

Boston, Mass., March 6.—A record
for speed in the construction of ves-
sels for the United States navy will
likely be established in the case of
the 20,000-ton battleship North Da-
kota, which is now building in the
Fore River shipyards at Quincy.
Though it is only four months since
the keel was laid the ship is now
nearly twenty per cent finished, and
it is expected the hull will be ready
for launching about the first of Oc-
tober. Considering the size of the
ship and the difficult problems invol-
ved the progress made in her con-
struction is considered remarkable by
the naval experts.

LOUISIANA PROHIBITION.

Programme of the Campaign
Has Been Given Out.

BOTH SIDES ARE LINED UP.

Anti-Saloon League Expects the Same Backing as Contributed Toward Its Success, in Three Other States of the South Within a Year.

New Orleans, March 6.—The announcement of the programme of the campaign to bring about prohibition in Louisiana, when the legislature meets next May, has been made by the Louisiana Anti-Saloon league. The league expects the backing of the forces which carried three other southern states for prohibition within a year. Preparations for this campaign has been under way for several months, and in addition the saloon forces have organized in opposition to the prohibitionists. Recently these forces had two significant tests of strength—one at Shreveport, in which prohibitionists won the local option election—and the other at New Orleans, in which the Sunday closing law for about a month was strictly enforced. Recently this law has not been rigorously administered. The Anti-Saloon league will stump the state with speakers from various sections of the country.

C. W. Trickett, assistant attorney general, Kansas, is announced as one of the speakers.

CAMPAIGN TO COUNTERACT.

United States Brewers' Association to Take Immediate Action.

Chicago, March 6.—A campaign of publicity to counteract the effect of the present prohibition wave was decided upon by the board of trustees of the United States Brewers' association at a meeting held here. The meeting was attended by leading brewers from all parts of the country. Many brewers have just returned from the brewers' meeting of New Orleans, and reports given from a number of southern states, particularly Georgia, Alabama and Texas, showing prohibition in towns that have gone "dry" in those states had been a failure. The board decided to investigate conditions all over the country with reference to the liquor business, both in "open" and "dry" communities, and publish the results. Arrangements were completed for the annual convention, to be held at Milwaukee June 6 and 7.

HANCE SHOTS HIMSELF.

Prominent Business Man Ends His Existence at Family Residence.

Detroit, Mich., March 6.—Ellwood T. Hance, first vice president of the Union Trust company of this city and former postmaster of Detroit, shot and killed himself in his home here. Friends say he has been greatly depressed over financial affairs for some time. Mr. Hance's health also has not been good and it is supposed this aggravated the worry, and impelled him to shoot himself. He was born at Wilmington, Del.

Mr. Hance was at his office Thursday as usual, and after supper spent the evening at cards with his family. The suicide came on the eve of a two or three months' vacation with salary, which the officers of the company were planning to give him. Close friends say Mr. Hance's personal financial affairs have been badly entangled for some time, and he had been undergoing a tremendous mental strain as a result.

ALL GOT OUT.

Five Story School Building at New York City Catches Fire.

New York, March 6.—A special call was sent to the fire headquarters from the public school on One Hundred and Ninth street between Amsterdam avenue and Broadway. All the children escaped from the building. They assembled in the yard and were sent home. Parents who rushed to the building were prevented by the police from clogging the exits and sent away. The fire was on the top floor of the building, which is five stories high. The children marched from the school without panic or disorder.

Criminal Libel Charged.

Muskogee, March 6.—Eugene M. Kerr, managing editor of the Times-Democrat, was arrested on a criminal libel warrant sworn out by Harry Levy, a city councilman, whom the Times-Democrat accused, it is alleged, of attempting to bribe the county attorney to leave the houses of prostitution unmolested. Kerr is held on \$300.

Gale Strikes Chicago.

Chicago, March 6.—The highest March wind which has struck Chicago in three years commenced early Friday from the southwest, and wrought much havoc in the downtown district. The gale, which at times reached a velocity of fifty-five miles an hour, blew down chimneys and smashed several store fronts in the business section.

One Robber Slain.

Chicago, March 6.—Joseph Miles, who, the police say, was recently released from the Missouri state prison, where he served several years for burglary, was shot and killed by Michael Geary, a private watchman who detected Miles and a companion looting the cash box in the grocery of Juda Horoddesky. The other robber escaped.

Dormitory Destroyed.

Detroit, March 6.—The dormitory of the D'Arcambal home for boys at Clarenceville, a suburb of Detroit, burned, and it is thought all of the boys were gotten out safely.

Runaway Girl in Custody.

Fort Worth, March 6.—A pretty seventeen-year-old girl and a runaway, was arrested here upon receipt of instructions from a brother in a distant place. The girl declares she will not return home unless taken by force.

In Memory of Proctor.

Washington, March 6.—Both branches of congress adjourned Thursday out of respect to the memory of the late Senator Proctor of Vermont. No business of importance was done in either branch.

British Minister Dies.

Lima, Peru, March 6.—William Nelthorpe Beauchlerk, the British minister to Peru, died here. He was born in 1849, and was a descendant of the eighth Duke of St. Albans.

Received Six Proposals.

Edwardsville, Ill., March 6.—President Terry of the State and Trust bank has received six marriage proposals.

Hunter's New Duties.

Palestine, Tex., March 6.—George Hunter has gone to Pittsburg, Kan., where he becomes master mechanic of the Kansas City Southern railroad.

"Health Coffee" is really the closest imitation ever yet produced. This, the finest coffee substitute ever made, has recently been produced by Dr. Shoop of Racine, Wis. No twenty or thirty minutes boiling. "Made in a minute" says the doctor. Sold by Jno. M. Lawrence & Co. dtf

Try This For Catarrh.

Free tests are now being supplied by mail to all Catarrh sufferers. There is no expense—no obligation whatever. Dr. Shoop is combining Oil of Eucalyptus, Thymol, Menthol, Oil of Wintergreen, etc., and is incorporating these ingredients into a pure, snow-white cream-like Imported Petrolatum. This Creation—Dr. Shoop's Catarrh Remedy—gives immediate and lasting relief to catarrh of the nose and throat. That all may first test it free, these trial boxes are being mailed without charge, simply to encourage these tests and thus fully demonstrate, beyond doubt, the value of this combination. If Catarrh has extended down to the stomach or bowels, then Dr. Shoop's Restorative must also be used internally if a complete cure is to be expected. Otherwise the Dr. Shoop's Catarrh Remedy will alone be entirely sufficient. Write Dr. Shoop, Racine, Wis. for sample and book. Sold by Druggists everywhere.
